#### Guidelines for Poster Presentation

1. Posters have to be displayed at the allotted place and time mentioned by the organizing committee.
2. A poster should be self-contained and self-explanatory, allowing different viewers to interpret on their own while the author is free to supplement or discuss particular points raised in enquiry.
3. Design and layout specifications: The entire poster must be mounted on a 48" x 36" (3 feet horizontal x 4 feet vertical) flex.
4. Your poster title, name, and department should be positioned at top-center of the flex.
5. The poster generally should read from the left to right, and top to bottom. Text should be readable from five feet away. Use a minimum font size of 24 points. Lettering for the title should be large (at least 72-point font).
6. Accessories for mounting must be brought by the respective individual who will be presenting the poster.
7. You are requested to be present near your posters during breaks, in order to encourage interaction. We encourage you to carry some copies of your poster in A4 size for distribution to those who are interested in more details and do mention your e-mail id in the A4 version so that those interested may contact you later.
